

# Accounting

## Associates of Applied Science

The full range of businesses, from small companies to corporate giants, rely on accountants to assemble, analyze, and interpret essential statistical and financial information. Every enterprise requires data supplied by accountants to make effective day-to-day decisions and long-term plans.

Nicolet's Accounting program provides a thorough foundation in accounting theory and practice as students learn to perform a variety of business accounting functions. Graduates are prepared for positions as junior accountants in public accounting firms, private industry, or government service.

## Program Outline

TERM 1		
Course #	Course Title	Credits
1010210600	<b>Business Essentials</b> This class helps new Nicolet students make a successful transition to the College. The course is a chance for students to learn College resources, practice pacing and time management, grit and the learning management system.
