

NICOLET COLLEGE
WORKFORCE
& ECONOMIC
development

The E-Seed™ Innovative Entrepreneurship Training program is now available through Nicolet College, in partnership with the Fox Valley Technical College Venture Center in Appleton.

Participants in this program meet weekly over a period of 10 weeks to develop a comprehensive business plan through individual and group exercises. Expert guest speakers from the small business community provide insight into legal, management, accounting, financing and marketing issues.

Start-up companies, growing businesses and entrepreneurial firms benefit from the hands-on sessions that provide practical tools and proven approaches that can be applied immediately in the business.

Explore Starting a Business

*Build the business of your future -
 from idea, to launch to sustainability!*

Do you have an idea for a business? Do you need a business plan? Are you operating a small business and need help?

Attend a FREE **Explore Starting a Business** workshop to find answers to your questions and get connected to the people and resources that can help you succeed. Whether you have a start-up idea or want to take your existing small business to the next level, you will benefit from this information-packed session. You'll learn:

- Three “must-do’s” to launch a business and keep it running
- Reasons why having a business plan is critical to your success
- Insights and experiences of successful local entrepreneurs and small business owners
- Information on how the new **E-Seed™ Innovative Entrepreneurship Training** program can help you turn your dreams into reality

Register to attend a FREE workshop in your area:
