## Schedule of Postsecondary Classes Fall 2017

---

Accelerated - Accelerated learning incorporates hands-on experiences with positive reinforcement of the natural learning abilities of every individual.	Hybrid - Hybrid courses are a blend of face-to-face and online instruction. In a hybrid course, a portion of the learning is online and the amount of classroom seat-time is reduced.
Class - Traditional classroom with instructor present for lecture or laboratory activities.	Hybrid ITV - Hybrid/ITV courses are a blend of face-to-face and online instruction. The face-to-face instruction is conducted through live video and audio links (see ITV) to connect students at remote sites with instructors.
Clinical - Clinical experience under an instructor in a real health care setting such as a hospital, nursing home, or medical office.	IA - Individually arranged courses allow students to complete the majority of coursework using independent study. Students are expected to meet with the instructor on a regular basis.
Field - Observational experience outside the classroom.	ITV - Interactive television courses connect students in different locations with instructors through live video and audio links. Students can see and hear each other, and the instructor, at all sites.
Flex Lab in Class - A blend of face-to-face instruction and flexible lab.	Online - Students complete coursework in a virtual classroom over the internet. Students interact with the instructor and other students, complete assignments, and take exams via Nicolet's online learning system.
Flex Lab Online - Students complete coursework in a virtual classroom over the Internet. Students complete lab activities online, or in the skills lab on a flexible schedule during any of the published open lab hours.	* If not familiar with Blackboard, you must attend an orientation session. Dates and times are listed on the Online Learning page at <a href="http://www.nicoletcollege.edu">www.nicoletcollege.edu</a> .
