

Associate of Science - Engineering Pre-Major

Through our Partners in Engineering Program (PEP) agreement with University of Wisconsin-Platteville, Nicolet College students can earn an Associate of Science – Engineering Pre-major degree at Nicolet College while concurrently earning a Bachelor of Science degree from UW-Platteville in

- Mechanical Engineering
- Electrical Engineering
- Industrial & Systems Engineering

Program Outline

COURSE #	COURSE TITLE	CREDITS	
2089010100	Foundations of University Learning	1.00	
20801219	English Composition I	3.00	
	Develops expository writing and critical thinking skills, including clarity, concision, concreteness, a by reasoning, organization, and language conventions. Lecture.	and completeness of expression, supported	
20801223	English Composition II	3.00

What You'll Learn

- · Employ effective verbal and nonverbal communication skills in diverse professional and social contexts
- · Demonstrate quantitative reasoning skills at the appropriate undergraduate level
- Demonstrate critical thinking skills at the appropriate undergraduate level
- Demonstrate effective use of scientific method skills in a variety of contexts at the appropriate undergraduate level
- Demonstrate an understanding of the social, cultural, political, and historical dimensions of our world at the appropriate undergraduate level
- Demonstrate a heightened awareness of our physical, chemical, and biological environment at the appropriate undergraduate level
- · Demonstrate an increased responsibility for self-directed learning and personal wellness

Possible Bachelor's Degree Majors

The Engineering Pre-major is designed to meet requirements toward the first two years of am engineering major bachelor's degree.
