

Cybersecurity

Technical Diploma

The Cybersecurity Technical Diploma will equip students with the knowledge and skills to develop a career in the field of cybersecurity. In an increasingly interconnected world, cybersecurity has become a critical component of safeguarding digital assets and protecting sensitive information. This program builds requisite IT and Networking skills and covers a variety of important cybersecurity topics while helping prepare learners for entry-level help desk roles with cybersecurity focus, or for current IT professionals seeking to transition into cybersecurity.

Program Outline

TERM 1		
Course #	Course Title	Credits
1080119500	<p>Written Communication</p> <p>Develops writing skills which include prewriting, drafting, revising, and editing.
