NICOLET COLLEGE

Nursing Assistant

Technical Diploma

The nursing assistant is a vital member of the health care team. The nursing assistant carries out assigned duties under the direction of the professional nurse. Responsibilities include bathing, dressing, toileting, assisting with feeding, taking vital signs, ambulating, lifting and moving clients, and performing other selected nursing procedures. The nursing assistant program consists of 118 hours total, which includes lecture, laboratory practice, and supervised clinical experience in local health care facilities. This program is approved by the Wisconsin Department of Health as a nurse aide training program.

Students must successfully pass a background check and complete clinical requirements. For more information, please connect with a Success Coach.
