

## PHARMACY TECHNICIAN

### About the Pharmacy Technician Program

The Pharmacy Technician program trains individuals for the roles of supportive personnel for hospital and community pharmacies. The pharmacy technician provides assistance to the pharmacist in a variety of technical tasks involving the packaging, distribution, compounding, labeling, and recording of drugs. This program is presented using interactive television (ITV) to distance sites where the students will also have lab instruction and clinical experiences.

The Pharmacy Technician program is accredited by the American Society of Hospital Pharmacists (ASHP).
