

# Family Child Care Certificate

## Technical Certificate

If you plan to provide childcare in a home or family setting, this certificate program will help you examine child development, quality standards, community resources, health and wellness, and family partnerships. You'll also learn how to promote desired outcomes through play-based learning, observation and assessment. Choose additional courses to gain skills for curriculum planning, strategies for guiding behavior or care for children at various developmental stages. Upon completion, you'll be prepared for the Family Child Care Credential from The Registry, Wisconsin's Recognition System for the Childhood Care and Education Profession.
