NICOLET COLLEGE

Autism Spectrum Disorder

Technical Certificate

This three course certificate is designed for child care providers, paraprofessionals, classroom teachers, family members, and caregivers. These courses promote understanding of the Autism Spectrum Disorder (ASD) and provide practical strategies for supporting individuals on the Spectrum. Additionally, courses raise awareness on how to navigate the community services and supports to promote educational and social success for those with ASD across the lifespan.

Program Outline

TERM 1

Course #	Course Title	Credits
1030720100	Autism Spectrum Disorder Overview This course will provide an overview of Autism Spectrum Disorder including: common characteristics, terminology, etiology, diagnostic criteria, treatments, as well as environmental interventions and supports.	3.00
